

New Brunswick Forest Products Commission

Annual Report 2015-2016

Natural Resources
November 1, 2019

November 1, 2019

Hon. Rick Doucett, Minister
Department of Natural Resources
P. O. Box 6000
Fredericton, NB
E3B 5H1

Dear Sir,

Re: New Brunswick Forest Products Commission – 2015-16 Annual Report

On behalf of the New Brunswick Forest Products Commission, it is my privilege to submit our Annual Report for the period April 1, 2015 to March 31, 2016. The report has been designed to highlight the activities and accomplishments of the Forest Products Commission for the fiscal year 2015-16, and to provide summary information regarding the seven forest products marketing boards.

Sincerely,

A handwritten signature in black ink, appearing to read 'Brian Mosher', written over a faint, larger version of the same signature.

Brian Mosher, Q.C.
Chairman
New Brunswick Forest Products Commission

Chairman's Message

The New Brunswick Forest Products Commission (FPC), an agency established in 1971 by the *Forest Products Act*, oversees the seven Forest Products Marketing Boards (the "Marketing Boards") and acts as a liaison in the marketing relationships between private woodlot owners, the seven Marketing Boards, forest industries (pulp mills, sawmills and consumers) and the Government of New Brunswick. The Commission and Marketing Boards have legislated authority regarding regulation of the production and marketing of primary forest products from private woodlots. The Commission reports to the Minister of Natural Resources and to the Crown Corporations Committee, a standing committee of the New Brunswick Legislature.

This Annual Report is designed to be in line with the reporting of the Government of New Brunswick's and Department of Natural Resources' formal management system which focuses on performance reporting and aims to provide better accountability to the public.

The annual report of the New Brunswick Forest Products Commission (the "Commission") provides summary information about the Commission's activities as well as the financial and statistical information for the fiscal year ending March 31, 2016. The primary function of the report is to be the major accountability document for the Legislative Assembly and the public. It serves as the key link between the objectives and duties of the Commission and the results obtained.

The Commission and its staff continued work over the year to improve the ways that the duties of the Commission align with its legislated objectives. We look forward to continuing that process throughout the next year.

Brian Mosher, Q.C.
Chairman, New Brunswick Forest Products Commission

Highlights from the Past Year

In December of 2014, the Commission suspended all directors of the York Sunbury Charlotte Forest Products Marketing Board (YSC Board) for cause and continued its investigation into the business and affairs of the YSC Board. The investigation was specifically with regard to the YSC Board involvement with the Maritime Fibre and Energy mill (former M.L. Wilkins and Sons mill). In June of 2015, the Commission released the findings of its investigation and dismissed the YSC Board directors. The Commission continued to exercise the powers of the YSC Board until August of 2015, when new directors of the YSC Board were appointed by the Commission. The first meeting of the newly appointed board of directors was in September of 2015.

In June 2015, the Office of the Auditor General of New Brunswick released the results of an audit of the Department of Natural Resources – Private Wood Supply, within which one part was an audit of the activities of the New Brunswick Forest Products Commission. The audit resulted in 14 recommendations by the Auditor General specific to the Commission.

In October 2015, the Commission conducted an Appeal hearing with respect to a woodlot owner who was aggrieved by a decision of the South East New Brunswick Forest Products Marketing Board. The decision of the Commission Appeal panel was rendered on November 10, 2015.

In October 2015, the Commission discovered that a fraudulent audited financial statement for the North Shore Forest Products Marketing Board had been filed with the Commission by the manager of the Board. The Board's auditor, Grant Thornton, and the Commission immediately notified the board of directors of the North Shore Board of the fraudulent statement. The Board subsequently dismissed the manager for cause and engaged their audit firm to conduct a forensic audit of their finances. The investigation continued beyond March 31, 2016.

The Department of Natural Resources engaged the services of the Commission to conduct a stumpage value study of primary forest products originating from New Brunswick private woodlots. The purpose of the study was to establish the "Fair Market Value" of standing timber that could be used to base the value of Crown timber on. The Commission enlisted the collaboration of PricewaterhouseCoopers LLC to assist with data verification and methodology review for the study.

The Commission provided assistance to the seven Forest Products Marketing Boards to begin development of a common accounting system for the Marketing Boards.

In January 2016, the Southern New Brunswick Forest Products Marketing Board (SNB Board) passed Order # 2015-604, a marketing order that would require that all primary forest products produced in the SNB Board regulated area would be sold to or by the Board. The Commission subsequently received notices of appeal from 4 different parties opposed to the new order. The hearing of the appeals did not occur prior to March 31, 2016.

Commission Objectives and Duties

The Forest Products Commission (Commission) was established in 1971 by the *Forest Products Act*, although it draws its authority, duties and responsibilities from that act, as well as the *Natural Products Act*. The primary role of the Commission is general supervision over the operations of the seven Forest Products Marketing Boards (Boards) in New Brunswick that are established under the *Natural Products Act*.

Under the *Natural Products Act*, regulations have been made by the Lieutenant-Governor in Council establishing the seven Forest Products Marketing Boards and the authority of those Boards to collect levies from primary forest products that are produced and marketed. Regulations are also made by the Commission that defines the administration and governance of each Forest Products Marketing Board. The table below outlines the year of establishment, establishing regulation, administration regulation, and associated agency of each Board.

Forest Products Marketing Board	Year of Establishment	Establishing Regulation	Administrative Regulation(s)	Associated Agency
Carleton-Victoria	1978	Regulation 2014-1	Regulation 2005-140	Carleton-Victoria Wood Producers Association
Madawaska	1961		Regulation 2006-87	N/A
North Shore	1973		Regulation 2005-142 & Regulation 2013-81	North Shore Forestry Syndicate Inc. (Inactive)
Northumberland County	1974		Regulation 2005-144	Northumberland County Woodlot Owners Association
South East New Brunswick	1981		Regulation 2005-106	N/A
Southern New Brunswick	1979		Regulation 2005-146	S.N.B. Wood Cooperative Ltd.
York Sunbury Charlotte	1978		Regulation 2004-148 & Regulation 2015-18	N/A

The objectives of the Commission are:

- (a) to encourage and facilitate the achievement of expanding markets and equitable prices for both the producer and consumer of purchased primary forest products; and
- (b) to encourage and facilitate the optimum utilization of private woodlot resources.

The duties of the Commission are:

- (a) to examine and consider data relevant to the production and sale of purchased primary forest products,
- (b) to facilitate meaningful dialogue between producers and consumers,
- (c) to administer the negotiation process between the Producer Associations and their agents,
- (d) to act as conciliator when requested in disputes arising between a Producer Association and a consumer of primary forest products,
- (e) to conduct inquiries on the following matters with respect to primary forest products:
 - (i) the cost of production, distribution and transportation;
 - (ii) prices, markets and systems of classification; and

- (iii) any other matter related to marketing,
- (f) to investigate complaints in relation to the marketing of primary forest products,
- (g) to be informed regarding developments in the harvesting and marketing of primary forest products, and
- (h) to recommend to the Minister the institution of those marketing controls that appear necessary or advisable.

The Commission is responsible for the overall conduct of the regulated forest products marketing system for private lands in New Brunswick. It is responsible for ensuring that the Boards exercise the powers granted to them in the manner intended. The Commission:

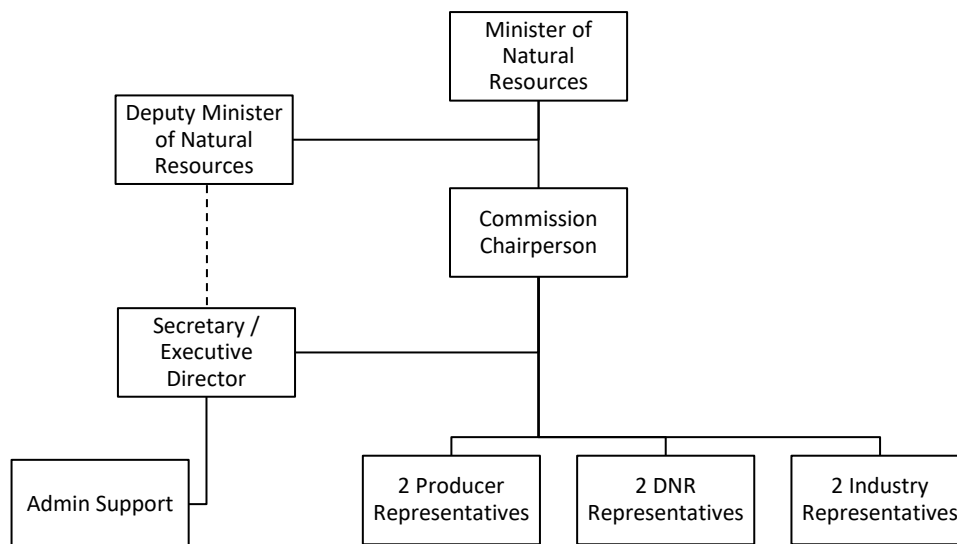

- has general supervision of the seven regulated Forest Products Marketing Boards;
- provides liaison and is the body of appeal for Marketing Boards, private woodlot owners, government and industry;
- lends assistance in resolving disputes between: woodlot owner, board, industry, contractor, broker, etc.;
- can facilitate the negotiation, conciliation, and arbitration between Boards and industry;
- investigates complaints in relation to the marketing of primary forest products;
- provides policy advice to the Minister of Natural Resources, and
- recommends amendments to regulations pertaining to Marketing Boards and the marketing system.

The seven Marketing Boards are given specific powers by regulation and the role of the Commission is to verify they work within the scope of their marketing plans. In doing so, the Commission represents the interests of the private woodlot owners in each Marketing Board regulated area.

Overview of Commission Operations

The Commission is responsible to the Minister of Natural Resources. The Commission's structure is defined by the Forest Products Act, and includes seven members appointed by the Lieutenant-Governor in Council. The Commission is designed to provide a fair representation of all segments of the forest sector, including two representatives of the producers (private woodlot owners), two representatives of the forest industries of New Brunswick, two representatives of the Department of Natural Resources, and one independent Chair. Appointment terms of industry and producer representatives are up to three years and appointment terms of the DNR representatives and the Chair are up to five years.

The Commission also has a staff consisting of an Executive Director / Secretary and two administrative support staff, who are employees of the Department of Natural Resources.

Sector	Representative
Independent Chair	Brian Mosher
Natural Resources	Carol Dixon
Natural Resources	Martha O'Sullivan
Producers	Claude Pelletier

Producers	Hans Bouma
Forest Industries	Mike O'Brien
Forest Industries	Gerard Robichaud

Response to Auditor General's Recommendations

Name and year of audit area with link to online document	Recommendations	
	Total	Adopted
2015 Volume II – Chapter 4: Private Wood Supply http://www.agnb-vgnb.ca/content/dam/agnb-vgnb/pdf/Reports-Rapports/2015V2/Agrepe.pdf	14	10

Changes in Commission Membership

In August of 2015, two new members were appointed to the Commission by the Lieutenant-Governor in Council. Ms. Carol Dixon was appointed to a five year term and Ms. Martha O'Sullivan was appointed to a four year term, each representing the Department of Natural Resources.

York Sunbury Charlotte Forest Products Marketing Board Investigation

The Commission commenced an investigation during the 2014-15 fiscal year into the business and affairs of the York Sunbury Charlotte Forest Products Marketing Board (YSC Board), stemming from concerns by the Commission as to the nature and level of involvement that YSC Board had in the Maritime Fibre and Energy (MFE) sawmill (former ML Wilkins and Sons sawmill). In June of 2015, the Commission released its findings from the investigation and dismissed the YSC Board of Directors (that had been suspended since December 2014) for cause. The Commission continued to exercise the powers of the Board during the time of, and following the investigation.

The Commission found a number of issues in its investigation that led to the dismissal of the YSC Board directors, including:

1. The YSC Board of Directors acted outside of their fiduciary duty and legislated authority by financially supporting the MFE operation with several loans and wood supply arrangements that put the Marketing Board in significant financial risk.
2. The YSC Board of Directors acted outside of their legislated authority by giving the former Manager a gift over \$1,000.
3. The YSC Board of Directors acted outside of their legislated authority by providing a loan guarantee to Regional Development Corporation for a loan to MFE in the amount of \$177,514.65, without first seeking authorization of the Commission to do so.
4. The YSC Board of Directors acted outside of their legislated authority and the YSC Board's own levy orders by utilizing forest management levy funds to fund the MFE operation. Forest management levy funds are restricted from being used for anything other than forest management activities.
5. The YSC Board of Directors invested in an activity (the wood processing facility) that does not fall within their purpose as set out in section 7 of *regulation 2014-1 New Brunswick Forest Products Marketing Board Plan regulation – Natural Products Act*.

In September 2015, the Commission brought into force a new “temporary” regulation to allow for the appointment of new members to the YSC Board of Directors on a staggered term basis, providing for an election process over a three year period and reducing the size of the Board of Directors from 23 members to 11. The Commission appointed the new Board of Directors in September of 2015 and ceased exercising the powers of the YSC Board.

Data Collection

The Commission regularly collects data from the Boards, including monthly production, sales of primary forest products through the Boards, financial statements and reports of forest management revenues and expenditures related to the Private Woodlot Silviculture Program. During the 2015-16 year, the Commission continued to work on initiatives aimed at improving the consistency and accuracy of production data collected from the Boards. The Commission also received financial assistance from the Department of Natural Resources to develop a common accounting system for all seven Marketing Boards. The accounting system would provide reporting on production, pricing, cost of different products, general trucking rates, stumpage rates, etc. Atlantic Data Systems (ADS) was tasked by the Marketing Boards with the creation and implementation of the new system. As of March 31, 2016, funding was approved and ADS was merely awaiting the first payments to begin the development of the system.

Auditing and Reporting

The production data and audited financial information was compiled, standardized and assessed to provide reports and information to the Minister of Natural Resources. Production reporting from the Marketing Boards improved over the 2015-2016 year however, in September 2015, the North Shore Forest Products Marketing Board had yet to submit their 2014-2015 audited financial statements, had not set a date for its annual meeting, had not held any district meetings and had not submitted Board meeting minutes since January 2015. The Commission issued correspondence to the North Shore Board that they were in violation of the *Natural Products Act* regarding their reporting requirements.

The Commission wished to request a legal opinion on any actions or penalties it can take in terms of enforcement for Marketing Boards delinquent in their reporting. By year end, the Commission was still awaiting word from the Attorney General’s office as to whether or not they may provide legal advice to the Commission or if outside legal counsel will be required.

Legislation – Acts / Regulations / Orders

The Commission did not create any new regulations or acts during the 2015-2016 year however it created the *York Sunbury Charlotte Forest Products Marketing Board Regulation, 2015-2018 – Natural Products Act* and amended *New Brunswick Regulation 2005-148 – Natural Products Act* and Commission Order No. 2015-519. The Commission repealed Commission Order No. 2017-518. The Commission issued the following orders during the 2015-2016 year:

Order No.	Subject	Date In Force	Date Repealed or Expiry (if applicable)
2015-196A	Borrowing Authorization – Carleton-Victoria Forest Products Marketing Board	October 14, 2015	October 13, 2016
2015-196B	Borrowing Authorization – Carleton-Victoria Forest Products Marketing Board	October 14, 2015	October 13, 2016
2015-396	Borrowing Authorization – South East New Brunswick Forest	August 12, 2015	August 11, 2016

	Products Marketing Board		
2015-519	York Sunbury Charlotte Forest Products Marketing Board appointments	August 12, 2015	N/A
2015-596	Borrowing Authorization – York Sunbury Charlotte Forest Products Marketing Board	October 14, 2015	October 13, 2016

Commission Meetings

The Commission conducted fourteen meetings during the year with an 86%-member participation rate. All the meetings were held in Fredericton and in April of 2015, the Commission also convened a meeting of the York Sunbury Charlotte Forest Products Marketing Board, carrying out the powers of the YSC Board.

Negotiations

As part of its mandate, the Commission is responsible for the administration of the negotiation process between Boards and consumers. It does so through Commission Order 2005-189 (*Forest Products Marketing Boards Negotiating Agencies Order – Natural Products Act*). The Order requires that Boards and consumers of primary forest products register the names of the individuals that will undertake negotiations between the parties (Negotiating Agencies) with the Commission. In 2015-16, there was only one negotiating agency formally filed with the Commission.

Financial Information

The Commission receives its funding through the budget of the Department of Natural Resources. It is the sole source of funding for the Commission. A balance sheet has not been prepared because the Commission draws its funding directly from DNR, according to an agreed upon budget. The Commission does not receive the funding as a grant, but operates directly from the DNR budget, with administrative support from the Department. The Commission is a body corporate, as determined by the *Forest Products Act* and confirmed by the Office of the Auditor General. The Commission expenditures are also included in the DNR Annual Report and financial statements. The Chair of the Commission is paid \$25,000 annually and the other six members of the Commission who attend monthly meetings are paid a per diem (\$150 per day) while engaged in work of the Commission which is set by Order of the Lieutenant-Governor in Council. Reimbursement for reasonable travel expenses is in accordance with New Brunswick Government Travel Policy AD-2801.
